FREE FORUM – Everyone Welcome!

Mental Health Information Forum

Come along and get the latest details on the progress of the State Mental Health Policy and Strategic Plan 2010-2020 for Western Australia

The Department of Health's Mental Health Division appointed PricewaterhouseCoopers Pty Ltd to undertake a comprehensive review of mental health services and assist with the development of a state mental health policy and strategic plan.

The *State Mental Health Policy and Strategic Plan 2010-2020 for WA* will guide the reform and redesign of mental health services and investment in mental health in WA. It is anticipated that significant gains can be achieved through major systems reconfiguration and shifting from a response based on illness and acute intervention to one focussing on wellness, early intervention and recovery.

A great deal of consultation has been undertaken through workshops, interviews, online submissions and presentations and we would now like to share with you some of the key issues that have been brought to our attention throughout this process.

Do you want to know something about the Policy and Plan? Would you like to provide any comments?

This forum is an information sharing forum and members from PricewaterhouseCoopers, the Mental Health Division and the Project Steering Committee who are overseeing the development of the Policy and Plan will be in attendance to talk with you and answer any questions you may have or listen to any ideas or information you would like to discuss.

For any enquiries, please contact Cath Polley at cath.polley@health.wa.gov.au or call 9222 2361.

Date: Tuesday 29 September 2009

Time: 2.00pm – 6.00pm

Venue: Perth Convention Exhibition Centre, 21 Mounts Bay Road, Perth.

All are welcome, including community members, consumers, carers, health professionals and service providers.

We look forward to seeing you there.
