The 427 bus service travels from Warwick and Stirling Bus Stations and stops closest to the hospital in Osborne Place. As demand increases more services could be negotiated with the Public Transport Authority.

Bus routes 423, 425 & 435 travel through the suburbs of Sorrento, Duncraig, Marmion, Warwick, North Beach, Trigg, Karrinyup and Stirling (see timetable Northern 62 for exact routes and times). These services connect with trains at both Warwick and Stirling Stations and offer a service that stops along Karrinyup Road, a short walk to the hospital.

Benefits of TravelSmart
TravelSmart is a combination of alternative transport options. For example, you might decide to walk to the bus stop, or cycle to the train station.

- ‘Find 30’ - 30 minutes of physical activity each day will help you to look and feel healthier.
- Avoid increasing petrol costs and leave the car at home, do your bit to cut greenhouse emissions.
- Save money on gym fees. Using active transport means less time spent at the gym!
- Catch up on some reading whilst on or bus or train.
- Reduce your stress levels. Less time sitting in traffic or looking for a parking spot.

Public Transport
Public transport is a cost effective and efficient way to travel. Once you have found the best route to work it will only take a few weeks to develop a new travel habit.

The Transperth ‘Journey Planner’ is easy to use and gives you a list of “personalised” public transport options that also includes walking distances. To use the planner visit www.transperth.wa.gov.au or call the Transperth Infoline on 13 62 13 for more assistance in planning your journey.

Corporate SmartRider
The ‘Corporate SmartRider Card’ has been introduced by the Metropolitan Access & Parking Department (MAPD) as a public transport incentive scheme. It will provide a great discount to hospital employees that use the card to commute to and from their Department of Health Workplace. Contact us for more information on how to obtain a card.

Cycling
Have you considered cycling to work? Benefits of cycling include:
- Increase your fitness and energy levels.
- Become part of your local cycling community (See BUG heading for more information).
- No more time spent sitting in traffic.
- Park your bike at work for free.
- Save money on fuel.

To view local cycling paths visit the Department of Transport’s Perth Bike Map Series at www.transport.wa.gov.au/cycling/14679.asp

Bike Racks
Bike racks are located at B Block, H Block and F Block (see site map).

OPH Bicycle Users Group (BUG)
Join the new Osborne Park Hospital Bicycle Users Group (BUG) by emailing travelsmart@health.wa.gov.au. Joining the BUG is an easy way to communicate with other cyclists on site or find a bike buddy.

Car-Pooling
Car pooling is a flexible and easily organised travel option. Carpooling helps you save money on fuel, parking fees and wear and tear on your car. Find out if someone in your workplace lives near you and start saving money today!
