## Our Services

Yaandina is a multi-functional, multi-funded organisation that has been in operation for 46 years delivering localised wrap-around, client-centred services from birth to ageing for the predominantly First Nations population of Roebourne and its surrounding communities. Yaandina is well known for its boutique aged care service where up to 30 ageing community members can be cared for in its purpose built facilities.

In 2020, Yaandina was the recipient of *WA Regional Achievement and Community Employer of the Year Award* for its person centred, culturally safe, secure and responsive aged care service which is located adjacent the Roebourne Hospital. We are currently seeking the right staff with the right skills so that we can open the Nick Furnivall wing of our facility.
