Dear Annie

**Letter of Support for Designated Registered Nurse (RN) Prescribing Study**

<b>Nurse Name</b>	
<b>Position/Unit</b>	
<b>Qualification Title</b>	
<b>University</b>	
<b>Health Service / Organisation</b>	

I confirm that **[Insert Health Service/Organisation Name]** supports **[Insert Nurse's Full Name]**, Registered Nurse, to undertake the above qualification.

**[Insert Health Service/Organisation Name]** has an established and approved model of care that provides the governance framework required to safely implement designated RN prescribing. This model defines:

- Clinical pathways and service contexts in which designated RN prescribing is authorised
- Governance structures, reporting lines, and oversight mechanisms

In accordance with this framework, **[Insert Health Service/Organisation Name]** has identified authorised health practitioners with the appropriate scope of practice to support **[Insert Nurse's Name]**. This includes:

- entering into a Prescribing Agreement with the designated RN prescriber
- providing six-months clinical mentorship under a formal Clinical Mentorship Agreement

**[Insert Health Service/Organisation name]** endorses this enrolment and will provide organisational support and opportunities for **[insert Nurse's name]** to apply learning within appropriate clinical settings.

Yours sincerely

**[Insert signature]**
