

Major Incident Medical Management and Support (MIMMS)

MIMMS courses teach a systematic and practical approach to field medical management at disasters, which can be applied to any major incident. The emphasis is on scene management and pre-hospital care, learned through:

- structured lectures
- table-top exercises
- practical exercises in radio communication
- casualty triage exercises
- workshops
- field exercises

MIMMS Team Member (1 day)

Aim

To provide first responders with an understanding of pre-hospital disaster management.

Course Content

- pre-hospital application of triage Sieve and Sort
- application of radio skills
- awareness of principles for command and control
- treatment and transport
- establishment of CCP

Target Audience

Medical and nursing staff, paramedics and those who would have a role at an incident site.

MIMMS Advanced (3 days)

Aim

To provide first responders with an understanding of pre-hospital disaster management, with a particular focus on Health Commander and Coordinator roles.

Course Content

- pre-hospital application of triage Sieve and Sort
- application of radio skills
- awareness of principles for command and control
- treatment and transport
- establishment of CCP
- one-day practical exercise

Target Audience

Senior medical and nursing staff, paramedics and those who would have a Health Commander or Coordinator role at an incident site

MIMMS certification is valid for four years.
