

SAC 1 Clinical Incident Notification Form

All Severity Assessment Code (SAC) 1 clinical incidents, including sentinel events, are to be notified to the Patient Safety Surveillance Unit (PSSU), Department of Health within seven working days of the incident occurring.

SAC 1 includes all clinical incidents and near misses where serious harm or death is or could be specifically caused by health care rather than the patient's underlying condition or illness. Sentinel events are unexpected occurrences involving death or serious physical or psychological injury, or risk thereof. There are ten categories of sentinel events.

To complete this form, type responses into the relevant fields or select from the pick lists where available and then save the completed version. This form can be edited after saving and printed if desired.

completed SAC Clinical Incident Notification form Forward the 1 via email to SAC1.events@health.wa.gov.au. On receipt of the initial notification of a SAC 1 clinical incident the PSSU will provide the hospital/health facility with a CIM reference number, to be indicated on all future correspondence regarding the notified event, and a due date for the investigation report in line with the requirements of the Department of Health's Clinical Incident Management (CIM) Policy.

Hospital reference number:	CIM reference number: (provided by PSSU)
INCIDENT LOCATION AND TIME: Hospital name:	
Incident date (dd/mm/yyyy):	Incident time (hh:mm):
