BACKGROUND

- A. This Agreement supports the delivery of safe, high quality, financially sustainable and accountable healthcare for all Western Australians, by setting out the service and performance expectations and funding arrangements for the East Metropolitan Health Service (EMHS).
- B. This Agreement details the health services that the Department CEO will purchase from the EMHS and the health services the EMHS will deliver during the 2019–20 financial year.
- C. Through the execution of this Agreement the EMHS agrees to meet the service obligations and performance requirements as detailed in this Agreement. The Department CEO agrees to provide the funding and other support services as outlined in this Agreement.
- D. This Agreement represents the partnership between the Department CEO and the EMHS, and the shared commitment to deliver on the WA Government goal of a greater focus on achieving results in key service delivery areas for the benefit of all Western Australians.
- E. This Agreement will be executed in accordance with Part 5 of the *Health Services Act 2016*.

DEFINED TERMS

In this Agreement:

1. **Activity Based Funding (ABF)** means the funding framework which is used to fund public health care health services delivered across Western Australia.
2. **Agreement** means this Service Agreement and any Schedules to this Agreement.
3. **Act** means the *Health Services Act 2016*.
4. **Block Funded Health Services** relates to those health services for which activity data is not yet available (e.g. non-admitted mental health; Teaching, Training and Research (TTR)).
5. **Chief Executive (CE)**, in relation to a Health Service Provider, means the person appointed as chief executive of the Health Service Provider under section 108(1) of the Act.
6. **Commission CEO** has the meaning given in section 43 of the Act.
7. **Deed of Amendment (DOA)** means an amendment made under section 50 of the Act that becomes an addendum to the original Agreement and forms the revised basis on which the original Agreement will be conducted.
8. **Department** means the Department of Health as the Department of the Public Service principally assisting the Minister in the administration of the Act.
9. **Department CEO** means the Chief Executive Officer of the Department of Health.
10. **Funding Products** means Depreciation, Borrowing Costs, Expensed Capital, Doubtful Debts and Resources Received Free of Charge (RRFOC), other than HSS RRFOC and PathWest RRFOC.
11. **Health Service** has the meaning given in section 7 of the Act.
12. **Health Service Provider (HSP)** means a Health Service Provider established by an order made under section 32(1)(b) of the Act.
13. **HSS** means the Health Support Services, a Chief Executive Governed Health Service Provider.
14. **MHC** means the Western Australian Mental Health Commission.
15. **NHRA** means National Health Reform Agreement 2011 and its Addendum.
16. **OBM** means the WA health system Outcome Based Management Framework as endorsed by the Under Treasurer.
17. **OSR** means Own Source Revenue.
18. **Parties** means the Department CEO and the Health Service Provider to which this Agreement applies and “Party” means any one of them.
19. **PathWest** means PathWest Laboratory Medicine WA, a Chief Executive-Governed Health Service Provider.
20. **PMP** means the Performance Management Policy.
21. **Performance Indicator** provides an ‘indication’ of progress towards achieving the organisation’s objectives or outputs.
22. **Policy Framework** means a policy framework issued under section 26 of the Act.
23. **Relevant Health Service Providers (HSP)** means Child and Adolescent Health Service (CAHS); North Metropolitan Health Services (NMHS); South Metropolitan Health Service (SMHS); Western Australian Country Health Service (WACHS); PathWest Laboratory Medicine WA (PathWest) and the Quadriplegic Centre.
24. **Schedule** means a schedule to this Agreement.
25. **State-wide support Health Services** means health services provided by HSS and PathWest to or on behalf of the other HSPs as described in the HSS and PathWest Service Agreements.

26. **Term** means the period of this agreement as detailed in clause 1 'Term of Agreement'.
27. **WA** means the State of Western Australia.
28. **WA health system** has the meaning given in section 19(1) of the Act.
29. **Critical Success Factors** means factors identified by the SHR Panel that are the necessary foundations to support sustainable change. They should be considered as essential components of all implementation efforts, and include: Culture and Leadership; Engagement and Partnership; Funding and investment; Governance; Metrics and transparency to drive change; and Invest in analytic / diagnostic capability.
30. **Enduring Strategies** means the framework which organises the SHR Panel's Final Report recommendations. The Panel's recommendations have been grouped or consolidated within the eight Enduring Strategies to identify the focus areas that will be fundamental to shift the health system and progress the sustainability agenda. Enduring Strategies 1-4 focus on key areas of service delivery, while Enduring Strategies 5-8 focus on the enablers to facilitate change. Each Enduring Strategy is informed by evidence and best practice, and reinforced by feedback received through the SHR's consultation with staff, stakeholders and the public.

1. TERM OF AGREEMENT

In accordance with section 49 of the Act, the term of this Agreement is for the period of 1 July 2019 to 30 June 2020.

This Agreement, pursuant to section 46(3) of the Act, includes the health services to be provided by the EMHS during the Term of this Agreement that are within the overall expense limit set by the Department CEO in accordance with the State Government's purchasing intentions.

2. ENTIRE AGREEMENT

This Agreement constitutes the entire agreement and understanding of the Parties and supersedes any previous agreement between the Parties as to the subject matter of this Agreement.

2.1 Commission Service Agreements

The Department CEO, in accordance with section 44 of the Act, enters into a Head Agreement with the Commission CEO, establishing the purchasing framework for mental health services (including other drug and alcohol health services) by the MHC from the WA health system. The MHC, as provided for under section 45 of the Act, enters into a Commission Service Agreement for the provision of mental health and alcohol and other drug health services by the EMHS for the period of 1 July 2019 to 30 June 2020. The Commission Service Agreements must be consistent and aligned with the Head Agreement pursuant to section 44(3) of the Act.

An overview of the funding provided under the Commission Service Agreement between the MHC and the EMHS is included in Schedule 4 of this Agreement. This is to provide the EMHS with an understanding of how the funding provided by the MHC contributes to the overall expense limit detailed in this Agreement. The terms of the Commission Service Agreement do not form part of this Agreement. Any amendment to the Commission Service Agreement will be made as a result of negotiation between the MHC and the EMHS and in accordance with the Head Agreement.

2.2 Forward Estimates Contained in this Agreement

In order to provide the EMHS with a framework in which to make future planning decisions, forward estimates that provide the financial position for the three years beyond the 2019–20 financial year have been included in the schedules to this Agreement. The funding estimates are based on and are consistent with the current approved budget settings for the WA health system.

The inclusion of forward estimates is in no way a representation or offer of funding by the Department CEO to the EMHS, rather they are an indication of the base for future funding years.

3. AMENDMENTS TO THIS AGREEMENT

The Parties may amend this Agreement in accordance with section 50 of the Act.

An amendment made under section 50 of the Act becomes an addendum to the original Agreement and forms the revised basis on which this Agreement will be conducted.

Adjustments to the information set out in the original contents of this Agreement as detailed in the schedules, will be provided through separate documents that may be issued by the Department during the term of this Agreement.

3.1 Amendment Criteria

An amendment of this Agreement will occur when there is a change to the Department CEO's purchasing intentions.

An amendment for the purposes of this Agreement is a change to funding, to deliverables or to other requirements contained within this Agreement. Further information on the amendment process is detailed within the *WA Health Funding and Purchasing Guidelines* issued under the Purchasing and Resource Allocation Policy Framework:

http://www.health.wa.gov.au/circularsnew/Purchasing_and_Resource_Allocation.cfm

3.2 Notice of Intention to Amend

In accordance with section 50(1) of the Act if either Party wants to amend the terms of this Agreement, notice of this intention must be provided in writing within a reasonable timeframe, before the date on which the amendment is required to take effect.

3.3 Material Adjustments and Corrective Measures

Material adjustments and corrective measures are changes to funding levels and targets that do not alter the Department CEO's purchasing intentions. Further information is detailed in the *WA Health Funding and Purchasing Guidelines*.

4. PUBLICATION OF AGREEMENT

The Department will publish an abridged version of this Agreement on the WA health system internet site, in accordance with Schedule D9 of the NHRA. Any subsequent amendments to this Agreement will also be published in accordance with Schedule D9 of the NHRA.

5. LEGISLATIVE AND POLICY CONTEXT

5.1 The Health Services Act 2016

The Act supports the WA health system vision to deliver a safe, high quality, sustainable health system for all Western Australians including:

- to promote and protect the health status of Western Australians
- to identify and respond to opportunities to reduce inequities in health status in the WA community
- to provide access to safe, high quality, evidence-based health services
- to promote a patient-centred continuum of care in the provision of health services
- to coordinate the provision of an integrated system of health services and health policies
- to promote effectiveness, efficiency and innovation in the provision of health services and TTR and other services within the allocated resources
- to engage and support the health workforce in the planning and provision of health services and TTR and other health services.

6. PURPOSE AND SCOPE OF THIS AGREEMENT

6.1 Purpose

The principal purpose of this Agreement is to detail the Department CEO's purchasing intentions and arrangements from the Health Service Provider including performance and accountability measures.

The Schedules to this Agreement outline the health services to be purchased and the associated funding provided by the Department CEO for the delivery of these health services. Further schedules outline Financial Products and other financial mechanisms necessary for the appropriate funding and implementation of the required health services by the Department CEO from the EMHS.

6.2 Scope

The scope of this Agreement is as prescribed in section 46 of the Act:

- a) the health services to be provided to the State by the Health Service Provider
- b) the TTR in support of the health services to be provided
- c) the funding to be provided to the Health Service Provider for the provision of the health services, including the way in which the funding is to be provided
- d) the performance measures and operational targets for the provision of the health services by the Health Service Provider
- e) how the evaluation and review of results in relation to the performance measures and operational targets is to be carried out
- f) the performance data and other data to be provided by the Health Service Provider to the Department CEO, including how, and how often, the data is to be provided
- g) any other matter the Department CEO considers relevant to the provision of the health services by the Health Service Provider.

Where appropriate, reference will be made in this Agreement to Policy Frameworks issued by the Department CEO pursuant to Part 3, Division 2 of the Act.

7. SERVICE DELIVERY

7.1 Role of System Manager

The main role of the Department CEO under this Agreement is to provide the funding, and performance management parameters, to support the EMHS to deliver the health services in accordance with the Act.

7.2 Role of Health Service Provider

The main role of the EMHS under this Agreement is to provide the health services detailed in the Schedules, as well as TTR in support of the provision of health services. The delivery of the health services must be in accordance with the performance measures and targets set by the Department CEO in accordance with section 46(3)(d), (e) and (f) of the Act.

The EMHS is responsible for providing health services at the following facilities:

- Royal Perth Hospital
- Bentley Hospital
- Kalamunda Hospital
- Armadale-Kelmscott Memorial Hospital

The EMHS manages the contract with St John of God Health Care for the operation of St John of God Midland Public Hospital. The EMHS also manages a separate contract with St John of God Mt Lawley for specific health services.

The EMHS will deliver the health services in accordance with this Agreement. This includes, but is not limited to:

- delivering the health services in a safe, timely and efficient manner using the standard of care and foresight expected of an experienced provider
- acting in accordance with the highest applicable professional ethics, principles and standards
- demonstrating a commitment to ethical practices and behaviours, and implementing these practices through appropriate training and monitoring.

When delivering the health services, the EMHS is required to comply with (among other things):

- all standards as gazetted under applicable Acts and standards endorsed by the Department CEO
- all applicable Department Policy Frameworks
- performance targets (as referred to in clause 10 of this Agreement)
- laws including those related to fire protection, industrial relations, employment, health, general safety, and taxation.

7.3 Accreditation and registration requirements

The EMHS must deliver the health services purchased by the Department CEO in this Agreement in accordance with the Clinical Governance, Safety and Quality Policy Framework which specifies the clinical governance, safety and quality requirements that all Health Service Providers must comply with in order to ensure effective and consistent clinical care across the WA health system.

7.4 Notification and provision of information

The EMHS must brief the Department CEO about all matters that the Department CEO should reasonably be made aware of. This may include, an incident involving a person receiving a service, or an issue that impacts on the delivery or sustainability of service, or the ability of the EMHS to meet its obligations under this Agreement. Certain applicable Department policies may also deal with certain matters that the Department must be made aware of, or particular information that must be provided to the Department by the EMHS.

The Department will provide the EMHS with access to all applicable Department policies and standards. The Department must brief the EMHS about matters that the EMHS should reasonably be made aware of in order to undertake the health services in accordance with the terms of this Agreement.

7.5 Agreements with other Health Service Providers

For the purpose of section 48(1)(b) of the Act, the EMHS may agree with:

- (1) any HSP for that HSP to provide services for the EMHS according to the EMHS business needs.
- (2) The relevant HSPs for those HSPs to provide clinical incident investigation services including Root Cause Analysis (RCA), for the EMHS in the following circumstances:
 - a. Where the patient, who is the subject of the clinical incident investigation, has received health services from multiple HSPs and those HSPs agree that a joint review of the multi-site clinical incident is to be undertaken by more than one of the HSPs that treated the patient;
 - b. Where the patient, who is the subject of the clinical incident investigation, has received health services from multiple HSPs and those HSPs agree that a multi-site clinical incident investigation is to be undertaken by one of the HSPs that treated the patient;
 - c. Where the patient, who is the subject of the clinical incident investigation, has received health services from multiple health service providers and those HSPs agree that an independent multi-site clinical incident investigation is to be undertaken by a HSP with no involvement in the patient's care; or
 - d. Where the patient, who is the subject of the clinical incident investigation, has only received health services at the EMHS but the EMHS determines that an independent clinical incident investigation, undertaken by a HSP with no involvement in the patient's care, is necessary.

All clinical incident investigation services must be performed in accordance with the Clinical Incident Management Policy issued by the Department CEO under the Clinical Governance, Safety and Quality Policy Framework.

The terms of an agreement made pursuant to section 48(1)(b) of the Act do not limit the EMHS obligations under this Agreement, including the performance standards provided for in this Agreement.

7.6 Compliance and Assurance

The Department CEO has responsibility for overall management of the WA health system, that is, the “system manager role” (s.19 (2) of the Act).

To assist the Department CEO to fulfil this responsibility, the EMHS will provide the Department CEO with data to validate EMHS’ compliance with relevant Policy Frameworks and this Agreement. Any additional data requirements will be stipulated via invocation of the relevant section of the Act by the Department CEO.

Further, the Department CEO will conduct assurance activities consistent with the Department CEO’s identified strategic objectives. The Department CEO may audit, inspect or investigate the EMHS for the purpose of assessing compliance with the Act (see s.175 of the Act). The EMHS will aid this process whenever and wherever such powers are utilised by the Department CEO.

8. STATE-WIDE SUPPORT HEALTH SERVICES

8.1 Health Support Services

Health Support Services (HSS) provides State-wide support services to Health Service Providers. EMHS must execute a Service Level Agreement (SLA) with HSS for the provision of State-wide support services by HSS to the EMHS for the Term of this Agreement by 31 July 2019. The SLA will be developed by HSS with input from EMHS and the Department CEO.

The SLA must state:

- Description of health services
- Roles and responsibilities
- Authority and accountability
- Service standards
- Service reporting
- Value of service, including price schedules as appropriate
- Review and change processes
- Dispute resolution and escalation processes.

8.2 PathWest

PathWest provides State-wide support services to Health Service Providers. EMHS must execute a SLA with PathWest for the provision of State-wide support services by PathWest to EMHS for the Term of this Agreement by 31 July 2019. The SLAs will be developed by PathWest with input from EMHS and the Department CEO.

The SLA must state:

- Description of health services
- Roles and responsibilities
- Authority and accountability
- Service standards
- Service reporting
- Value of service, including price schedules as appropriate
- Review and change processes
- Dispute resolution and escalation processes.

9. FUNDING AND PURCHASED ACTIVITY TO DELIVER HEALTH SERVICES

9.1 Funding

The Department CEO will fund the EMHS to meet its service delivery obligations under this Agreement in accordance with the schedules to this Agreement. A summary of the funding to be paid to the EMHS is set out in the Schedule: EMHS Summary of Activity and Funding.

The EMHS is to use the funding provided by the Department only for the delivery of health services specified under this Agreement. The funding will include direct service costs and the cost of overheads that the Department considers inherent in the delivery of the health services.

9.2 Election Commitments

The funding to be provided during the Term of this Agreement also includes WA Government election commitments that will be reflected in the 2019–20 Budget.

Progress on implementation of election commitments will be requested and reviewed on a regular basis.

9.3 Activity

The WA health system ABF operating model allocates funding on the basis of the number of patients and the types of treatments at a set price.

9.4 Delivery of Purchased Activity

The Department and the EMHS will monitor actual activity delivered against target purchased levels, taking action as necessary to ensure delivery of purchased levels is achieved within set budget parameters specified in this Agreement.

The EMHS has a responsibility to actively monitor variances from target purchased activity levels, and will notify the Department immediately as soon as it becomes aware that activity variances to this Agreement are likely to occur.

Should the EMHS be unable to deliver the level of activity that has been funded in this Agreement, the Department has the discretion to determine whether a financial adjustment should be applied. This will follow a joint consultation process with the EMHS to understand the cause of the under-delivery and any remedial action plan.

Additional information on the funding and purchased activity detailed in this Agreement can be found in the *WA Health Funding and Purchasing Guidelines*.

10. SERVICE STANDARDS - THE PERFORMANCE POLICY FRAMEWORK

The performance reporting, monitoring, evaluation and management of the EMHS in relation to the terms of this Agreement is as prescribed in the Performance Policy Framework and PMP.

See: <http://www.health.wa.gov.au/circularsnew/Performance.cfm>.

10.1 Performance Measures and Operational Targets

The performance indicators, targets and thresholds that support the delivery of the Service Agreement operational targets are listed in the PMP. The PMP details the performance management and intervention processes as well as the performance reporting, monitoring and evaluation processes.

10.2 Evaluation and Review of Performance Results

The PMP is based on a responsive regulation intervention model. The model is a collaborative approach that enables accountability through agreed mechanisms that are responsive when performance issues have been identified. The performance management components of the PMP comprise:

- on-going review of Health Service Provider performance
- identifying a performance concern and determining the appropriate response and agreed timeframe to address the concern
- deciding when a performance recovery plan is required and the timeframe it is required
- determining the level of intervention when required and when the performance intervention needs to be escalated or de-escalated.

Regular performance review meetings will be held between the Department CEO and the EMHS, or representatives of either Party. The performance reports that enable the Department CEO to monitor and evaluate the EMHS performance are listed in the PMP. The performance reports are an important part of the performance review meetings. The frequency of the meetings is determined by the Department CEO, and may be increased if performance issues occur.

10.3 Performance Data

In accordance with section 34(2)(n) of the Act the EMHS is required to provide performance data for the monthly production of the performance reports as required by the Department CEO.

10.4 Link to Annual Reporting

Annual Reporting is required under the *Financial Management Act 2006*. The Key Performance Indicators (KPIs) within the Annual Report for Health Service Providers are approved by the Under Treasurer and are auditable by the Auditor General.

Efficiency KPI targets are established on a system-wide level, and published in the Government Budget Statements. The Department will determine the EMHS specific targets through a rigorous modelling process that aligns with the 2019–20 Service Agreement, and other relevant data as appropriate.

Effectiveness KPI targets are set at a Health Service Provider level by the Department. The Department will notify the EMHS on the Efficiency and Effectiveness KPI targets for Annual Reporting.

11. STRATEGIC CONTEXT

This Agreement is informed by a wider strategic context related to the delivery of safe, quality, financially sustainable and accountable healthcare for all Western Australians. The delivery of health services within the following strategic context is the mutual responsibility of both Parties, whether with reference to supporting information and guidelines or mandatory policy requirements.

11.1 WA Health System Strategic Intent 2015-2020

The Strategic Intent defines the WA health system vision, values and priorities. The WA health system's vision is delivering a safe, high quality, sustainable health system for all Western Australians.

The WA health system's strategic priorities are focused on a continuum of care to support and guide health care through integrated service delivery from prevention and health promotion, early intervention, primary care through to diagnosis, treatment, rehabilitation and palliation, ensuring all Western Australians receive safe, high quality and accessible health care.

11.2 WA Aboriginal Health and Wellbeing Framework 2015-2030

The *WA Aboriginal Health and Wellbeing Framework 2015-2030* (the Framework) outlines a set of strategic directions to improve the health and wellbeing of Aboriginal people in WA.

Supported by the Implementation Guide, EMHS is required to progress the six strategic directions of the Framework:

1. promote good health across the life-course
2. prevention and early intervention
3. a culturally respectful and non-discriminatory health system
4. individual, family and community wellbeing
5. a strong, skilled and growing Aboriginal health workforce
6. equitable and timely access to the best quality and safe care.

11.3 Additional Policy Considerations

This Agreement is informed by, but not limited to, the following frameworks, policies, guidelines and plans:

- WA Disability Health Framework 2015-2025
- Clinical Health Services Framework 2014-2024
- Purchasing and Resource Allocation Policy Framework
- Performance Policy Framework
- Outcome Based Management Policy Framework
- Clinical Governance, Safety and Quality Policy Framework
- Research Policy Framework
- Clinical Teaching and Training Policy Framework
- ICT Policy Framework
- Purchasing Intentions 2019-20.

11.4 Sustainable Health Review

The Sustainable Health Review has identified eight Enduring Strategies and 30 Recommendations to progress the sustainability agenda. HSPs are required to support implementation of the eight Enduring Strategies and 30 Recommendations, which should be based on detailed planning and assessment of prioritisation, sequencing, key partners, new and existing work, emerging evidence and issues, and development of specific measures to track progress and outcomes.

12. WA HEALTH SYSTEM OUTCOME BASED MANAGEMENT FRAMEWORK

The WA health system operates under an Outcome Based Management (OBM) Framework to ensure accountability to the WA Parliament, and is pursuant to its legislative obligation as a WA Government agency under section 61 of the *Financial Management Act 2006* and Treasurer's Instruction 904.

The OBM service categories applicable to the WA health system, as identified in the WA State Budget Papers are:

1. Public Hospital Admitted Health Services
2. Public Hospital Emergency Health Services
3. Public Hospital Non-Admitted Health Services
4. Mental Health Services
5. Aged and Continuing Care Health Services
6. Public and Community Health Services
7. Pathology Services
8. Community Dental Health Services
9. Small Rural Hospital Health Services
10. Health System Management – Policy and Corporate Health Services
11. Health Support Services.

The funding within this Agreement is allocated within the eleven OBM service categories, as reflected in the Schedules.

The Department CEO is responsible, as the System Manager, to purchase health services one through to nine from Health Service Providers and detail this purchasing service delivery arrangement in the Service Agreements issued in accordance with the Act.

Further detail on the WA health system's OBM Framework can be viewed at <http://ww2.health.wa.gov.au/Our-performance>.

13. FUNDING INFORMATION CONTAINED IN SCHEDULES

The funding provided to the EMHS under the terms of this Agreement is provided in the schedules to this Agreement which establish:

- the activity purchased by the Department CEO
- the funding provided for delivery of the purchased activity
- an overview of the purchased health services which is required to be provided throughout the Term of this Agreement.

14. SUMMARY OF SCHEDULES

A high level summary of the funding Schedules that form part of this Agreement for the EMHS is provided in Table 1 below.

Table 1: Summary of the Schedules which form part of this Agreement

A. OBM Goals and Outcomes
B. Summary of Activity and Funding – An overarching summary of the activity and funding purchased by the Department CEO for each OBM service category and delivered by the EMHS pursuant to the terms of this Agreement. Government Corrective Measures (GCM) and Health Allocation Adjustments (HAA) are identified separately.
C. Commonwealth Specific Purpose Payment Activity and Funding – A summary of amount of Commonwealth funding (value and proportion) for in-scope activity only and is a subset of the Summary of Activity and Funding schedule.

Notes

- For the 2019-20 Service Agreement, Government Corrective Measures (GCM) and Health Allocation Adjustments (HAA) are shown separately therefore the figures in all schedules exclude GCM and HAA. The 2018-19 Mid-year Review Deed of Amendment previously showed System Manager Initiatives; these have been reclassified to GCM and HAA to enable comparison.
- For the 2019-20 Service Agreement, the figures in all schedules would normally include an allocation (apportioned across OBM service categories) for Financial Products, HSS- Resources Received Free of Charge (RRFOC) and PathWest-RRFOC and are shown separately in all schedules.
