Q8. Do you consent to your feedback being published, in summaries or in the Final Report? (Required)	
<input checked="" type="checkbox"/> I consent to my feedback being published <input type="checkbox"/> I consent to my feedback being published anonymously <input type="checkbox"/> I do not consent to my feedback being published	

The next two questions will allow you to provide more detailed feedback on how to maximise improvements in each of the Directions or suggest other areas or actions for the Sustainable Health Review Panel to consider to develop a more sustainable health system.

13. In regards to the 12 Directions, please provide detailed comments on how to maximise improvements in each of the Directions. Where possible, please indicate which Direction your comments relate to.

Direction 2 - it is essential to include community services as part of the person centred approach look to the NFP sector to seek advice as to what is a person centred approach.

Direction 3 - there needs to be a collaborative approach between Health and mental health services - as those most vulnerable fall under both areas and cannot be treated in silos - or not at all.

Direction 5 - vital area for improvement

Direction 11 - review funding allocation and ensure early intervention programs are funded at the adequate level versus dealing solely with intervention

14. Is there anything else that the Panel has missed so far that is important in developing a more sustainable health system for Western Australia?

value and recognise the work conducted by Peer Support Groups within the health and mental health space.
