Closing date: 21 September 2015

Recipe by Shirley Collins

Name of dish: **GMO delight**

Hero ingredient: **Monsanto Roundup Ready Genetically Modified Canola with Roundup IQ Inside**

NON-COMPLIANT ENTRY:

I am disappointed to have to submit a non-compliant entry. I question why GM canola is not listed as a "hero ingredient" nor "complementary ingredient" and is not branded "Buy West, Eat Best" when it is the WA Government's signature crop to double the value of WA agriculture in the next decade ([GIWA Strategy 2025+](#)).

Main dish:

Alaskan GM salmon marinated in Western Australian RR GM canola honey and Dow 2,4-D soybean mix rolled in CSIRO GM wheatflour batter & pan-fried in Queensland BT Bollgard3 cottonseed oil.

Choice of side dishes:

Golden rice and GM corn tossed in RT GM canola oil.

Simplot GM potato chips crisped in luminous jellyfish gene safflower oil.

Salad of GM alfalfa with cauliflower mosaic virus and diced flavr-savr tomatoes tossed in a generous dressing of GM canola seeded mustard and honey.

Complementary Argentinean GM wheat bread roll with a curl of American rBGH butter.

Drinks: Murdoch Professor's Safer-Than-Coffee or Safer-Than-Salt Roundup.

Dessert: GM arctic apple crumble.

Notes:

1. The Golden Rice, GM potato and GM apple are the variety promoted by Nationals MP Hon Paul Brown in the [WA Legislative Council motion on Genetically Modified Crops 17 September 2015](#)
2. Please check with FSANZ & APVMA to ensure the recipe is:
 - (i) Substantially equivalent to using conventional ingredients,
 - (ii) Within the Recommended Daily Allowance of Glyphosate, 2,4-D, Glufosinate Ammonium and Bacillus Thuringiensis,
 - (iii) Suitable for children, pregnant and breastfeeding mothers, the elderly and those with cancer.
3. FSANZ & APVMA to advise which Roundup formulation works best in the kitchen.
4. My recipe idea is not original. I took inspiration from the recipes in Pamela Ronald & Raoul Adamchak 's book [Tomorrow's Table](#), promoted by Hon Terry Redman, leader of the WA Nationals and previous WA Minister for Agriculture and Food.

Please invite the following people to have the first taste: Hon Colin Barnett, Hon Ken Baston, Hon Kim Hames & Hon Terry Redman.
