

Dental services external to Perth Children's Hospital

Perth Children's Hospital (PCH) does not provide routine dental care for children.

Eligibility for treatment at PCH Dental Department is not automatic. The PCH Dental Department provides dental care for children and adolescents who have a medical condition that will place them at risk if they are treated outside a tertiary centre.

Emergency Dental Treatment

The Emergency Department can offer a medical assessment for children requiring emergency treatment for dental, oral injuries and moderate to severe dental infection. In some cases, a referral may be made to the PCH Dental Department.

The following community services may assist with your child's dental care.

- **School Dental Service** (08) 9313 0555, phone for nearest centre.
Provide free general and emergency dental care (Monday to Friday including school holidays) to eligible students who:
 - Are aged 5 to 16 or until the end of year 11, whichever comes first
 - Attend a school recognised by the Western Australian Department of Education
- **Oral Health Centre of WA** (08) 6457 4400
Subsidised dental care for holders of a current healthcare card or pension card or children who appear on their parents' card. They are part of Dental Health Services and you need to live in the catchment area or be referred to them.
- **Dental Health Services Clinics** (08) 9313 0555
In-hours public dental clinics offer subsidised dental care to dependent children of a healthcare card or pension card holders. Phone first for nearest centre and eligibility.
- **Derbarl Yerrigan** (08) 1300 420 272
Provides a free dental service to Aboriginal and Torres Strait Islander people. The dental clinic at DYHSAC East Perth clinic provides high quality dental treatment for Derbarl Yerrigan clients aged 13 and above, in a safe and culturally appropriate environment.
